Mac's MediSync™ – A medication management program from your hometown pharmacy, Mac's Pharmacy.

1. Medication Synchronization – Prescriptions are refilled and ready, in full, on the same day of the week, every 28 days totally coordinated by your pharmacy team.
2. Medication Management
 - A. We take care of refills, prior authorizations, and medication changes, so you don't have to.
 - B. The Mac's Pharmacy team will be checking for compliance issues to ensure to you and to your physicians that your medication is being taken correctly. Improved compliance can improve medication outcomes.
 - C. Receive pharmacist counseling on medications, drug interactions, and side effects.
3. Medication Delivery – Your medicine will be delivered to you at your home.

FREE – there are no additional charges beyond the regular cost of your medication.

Mac's MediSync Plus™ – All of the benefits of Mac's MediSync, plus the addition of the following:

1. Medication compliance packaging using a specialty packaging system, Dispill.
 - A. An innovative personal prescription system that takes the daily hassle out of taking medication.
 - B. Each personal pill cup contains exactly the medicine you need and precisely the time to take it. This ensures correct doses at the correct times. Each pill cup lists the medication in the cup, the day, and the time.
2. Your personal Mac's Pharmacy MediSync coordinator will educate you on this easy-to-use system.
