MediSync + MacPacs

- MediSync – A national award winning medication management service for “Best Practice”, at the 2014 Cardinal Retail Business Conference in Washington, D.C.
- Purpose – help your residents/patients improve their medication outcomes and improve their Quality of Life.

Background/Purpose

- “Drugs don’t work in patients who don’t take them.” – C. Everett Koop, MD
- Clinical trials report average adherence rates of 43 – 78 percent among patients receiving treatment for chronic conditions¹
- High levels of medication adherence have been associated with lower disease-related medical costs in chronic conditions²

1. *N Engl J Med* 2005;353:487-97.

2. *Med Care* 2005;43:521-30.

Program Adherence Rates

- MediSync™ (~92%) and MediSync + MacPacs™ (~97%) improved adherence when compared to current literature (43-78%)¹
- Up to 6 more refills per prescription per year!
 - “drugs don’t work in patient’s who don’t take them”

MediSync

- MediSync is a coordinated prescription refill program
- It synchronizes your prescriptions to be refilled on the same day each month
- We take care of the work for you
 - Saves money - fewer trips to the pharmacy
 - Saves time – we take care of refills, prior authorizations and other issues so you don't have to.
 - Peace of mind – your medication is completely simplified

Have you ever....

1. Forgotten to call the pharmacy and run out of a medication?
2. Called the pharmacy and realized you needed to get a refill from the doctor?
3. Felt like you were making too many trips to the pharmacy?
4. Wished you had more time to do the things you enjoy?

We take care of that....

- We keep track of when your medicine will be due and will call you when it is time to fill them.
- No need to call for prescription refills. We take care of that.
- No worries about running out of medicine.
- Medication delivered right to you.

Like Clockwork....

- One week before your scheduled pick-up or delivery, the pharmacy will call you.
- We'll review your medications with you, see how you are doing, answer any questions you have, and look for ways to save you money on your medicine.
- Our pharmacist will review your order and call your physician if you need a refill.

Compliance Packaging

- Medication compliance packaging
 - using a specialty packaging system, Dispill.
 - An innovative personal prescription system that takes the daily hassle out of taking medication.
 - Each personal pill cup contains exactly the medicine you need and precisely the time to take it. This ensures correct doses at the correct times.
 - Each pill cup lists the medication in the cup, the day, and the time.
